

a computing device, associated with the base telecommunication station,
for at least one of producing and verifying a key.

41. A system for securely paying for goods and services as claimed in
claim 37, wherein the mobile radio device has a conversion unit which converts
data which has been transmitted by the base telecommunication station and is
required for payment into a readable short message such that a sender telephone
number entered is the telephone number of a telecommunication device of one of
a financial institution and a bill issuer which has been transmitted with the data
required for payment.

42. A system for securely paying for goods and services as claimed in
claim 37, wherein the data required for payment includes at least one of a sum of
money which is to be paid, a name for the goods which are to be paid for, a name
for the services which are to be paid for, a recipients account number, a bank sort
code, a purpose of use, a customer number, and a telephone number of a
telecommunication device of one of a financial institution and a bill issuer.

REMARKS

The present amendment makes editorial changes and corrects typographical
errors in the specification in order to conform the specification to the requirements
of the United States Patent practice. No new matter is added thereby. Original
claims 1-21 have been canceled in favor of new claims 22-42. Claims 22-42 have
been presented solely because the revisions by bracketing and underlining which
would have been necessary in claims 1-21 in order to present those claims in
accordance with preferred United States Patent practice would have been too
extensive, and thus would have been too burdensome. The amendment is intended
for clarification purposes only and not for substantial reasons related to patentability
pursuant to 35 U.S.C. §§101, 102, 103 or 112. Indeed, the cancellation of claims 1-
21 does not constitute an intent on the part of the Applicants to surrender any of the
subject matter of claims 1-21.

Early consideration on the merits is respectfully requested.

Respectfully submitted,

(Reg. No. 39,056)
